

# KICUP SKILLS

### PREPARING FOR THE WORLD OF WORK

**RECOMENDED AGE 13+** 

### THE WORLD OF WORK

Supporting you in preparing for your future is the most important thing we can help you with. We encourage you to make education a top priority and we will support you to stay in education for as long as you need and want to.

We have specialist teachers at NT&AS who can help you explore your options and help you to make applications.

NT&AS will listen to you and try to understand ways to help you succeed.

In this short guide we will share some tips on applying for work and tools to creating a CV. There is a separate guide for those of you interested in higher education.

### TIPS WHEN APPLYING FOR JOBS

### 1. Keep it real

Tell the truth about what you have achieved. Don't risk someone finding out that small untruth.

### 2. Sell yourself

We're not very good at blowing our own trumpets, but you should in your CV. This is a document about your achievements, education and any previous employment. Find ways of being positive about who you are and what you have achieved.

# 3. Remember - qualities and qualifications

Employers are not only interested in your school qualifications. Your qualities are even more important!

#### 4. Sweat the small stuff

Take care over the smallest details in your CV.

Inaccurate and incomplete CVs won't get to the top of the pile.

### 5. Match the job

Check out what the employer wants in the job description and think about how you tell them that you are the person they are looking for!

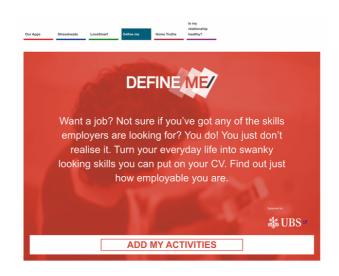

Always customise your CV to match the job.

### **CREATING YOUR CV**

#### Where to start?

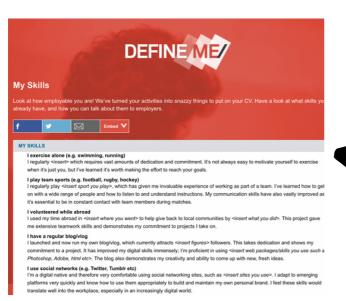

Ready to mke your CV but not sure where to start? The folks at The Mix have created a tool that will help you to identify skills that you can put on your CV.

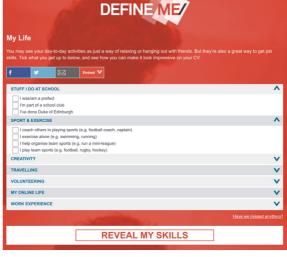

Go to: <a href="https://www.themix.org.uk/apps-and-tools/define-me">https://www.themix.org.uk/apps-and-tools/define-me</a> and click 'add my activities'. Tick the boxes to the statements that

match your skills.

You will then be given a list of statements you can use in your CV
